PART NUMBER	AVAILABLE SIZE
CT-MHC-500ML	500ml Bottle
CT-MHC-2.5L	2.5 Litre Pump Bottle
CT-MHC-5L	5 Litre Pump Bottle
CT-MHC-20L	20 Litre Drum

### PRODUCT DESCRIPTION

Chemtools® Kleanitize Mint-Grit Heavy Duty Hand Cleaner is a premium, industrial strength hand wash containing an active chelating ingredient that binds with common heavy metals, allowing them to be washed away with water. Its solvent-free formula neutralises strong workshop odours and kills a broad array of bacterial germs without stinging or burning cuts, scrapes, and open wounds, leaving skin feeling smooth and smelling pleasant.

Kleanitize Hand Cleaner removes the toughest soils, including grease, paint, ink, oil, and industrial carbons, without causing dryness or cracked nails like other industrial soaps. Its ultra-fine exfoliating particles will soften hard-working hands without scratching or irritating sensitive skin, washing easily away without banking up in sinks and drains.

Highly recommended for industrial workshops and manufacturing facilities.

### Heavy Metal Removal

To ensure complete removal of heavy metal residues, using a generous amount of hand cleaner on wet or dry hands, wash/scrub hands and body for at least 15 – 20 seconds. Rinse and repeat the process for a thorough clean.

The following heavy metals will be removed after careful washing:

Lead	Nickel	Cobalt	Cadmium	Aluminium	Mercury
Gallium	Copper	Zinc	Silver	Gold	

### DIRECTIONS

Apply a small quantity to dry hands. Avoid wetting hands prior to use as this will reduce efficiency. Massage well into heavily soiled areas. Rinse with clean water.

### FIRST AID & SAFETY PRECAUTIONS

THIS PRODUCT IS NOT HAZARDOUS. AS A PRECAUTION, KEEP AWAY FROM EYES.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Give some water to drink. IF IN EYES: No effects expected. If irritation occurs, flush eyes with lukewarm, gently flowing water for 5 minutes or until removed. Contact a POISONS CENTRE or doctor if you feel unwell, have been affected, or are concerned.

REFER TO SAFETY DATA SHEET BEFORE USE.

### DISCLAIMER

Chemtools® has made every effort to ensure the information provided in this Technical Data Sheet is accurate at the time of publication. Chemtools® expressly recommends that the user make his/her own assessment to determine the suitability of the product for its intended purpose prior to application. Chemtools shall not be responsible for loss, damage, or injury, resulting from the reliance upon, or failure to adhere to, any recommendations or information contained herein; nor from abnormal use of the material; nor from any hazard inherent in the nature of the material.
