CT-SSP-20L	20L Drum

Refer to SDS for product safety guidelines

CT-SSP Professional Stainless Steel Cleaner & Protector

Chemtools® Professional Stainless Steel Cleaner & Protector is a streak-free cleaner and degreaser that leaves surfaces metallurgically clean. It is non-abrasive and can also be used to degrease other polished metals. Applying Professional Stainless Steel Cleaner & Protector prior to transportation is recommended to provide an additional invisible coating that is designed to seal the surface to further reduce soiling. Ideal for household stainless steel appliances through to industry parts and tools.

FEATURES & BENEFITS:

- Removes dirt and finger marks from Stainless Steel surfaces
- Leaves a protective layer
- Produces a metallurgically clean surface
- Streak free

TYPICAL APPLICATIONS:

- Protecting new stainless steel structures during transportation
- Cleaning and protection of household SS appliances
- General cleaning and degreasing of all polished metals

INSTRUCTIONS FOR USE:

- Do not spray onto the surface to be cleaned
- Soak a wiping cloth and wipe in a circular action until clean and free of rust.

STORAGE:

Store in a cool, dry place, in tightly closed original containers at a room temperature between 5°C and 40°C. Do not place in direct sunlight or near any heat source. Do not return any used material to its original container.

DISPOSAL:

All products should be disposed of in accordance with local regulations.

PRECAUTIONS:

This product is capable of producing adverse health effects ranging from minor skin irritation to serious systemic effects. None of these materials should be used, stored, or transported until the handling precautions and recommendations as stated in the Safety Data Sheets (SDS) for this and all other products being used are understood by all persons who will work with the material.

WARRANTY:

All products purchased from or supplied by Chemtools® are subject to terms and conditions set out in the contract. Chemtools® warrants only that its products meet the specifications designated as such herein, or in other publications. All other information supplied by Chemtools® is considered accurate, but is furnished upon the express condition. The customer shall make its own assessment to determine the product's suitability for a particular purpose. Chemtools® makes no other warranty, either expressed or implied, including those regarding such other information, the data upon which the same is based, or the results to be obtained from the use thereof; that any product shall be merchantable or fit for any particular purpose; or that the use of such other information or products will not infringe any patent.
